Ex-post Evaluation of the "Development of cocoa production, processing, commercialization with the AMASAU indigenous community" in Nicaragua

Dear Madam/Sir:

This is to confirm, that the company Integration Consulting Group from Frankfurt/Main, Germany has been contracted for the implementation of ten randomly selected ex-post evaluation of Development Partnership Projects (DPP) which were co-financed by GIZ within the develoPPP program.

Your organisation together with GIZ jointly implemented the project "Development of cocoa production, processing, commercialization with the AMASAU indigenous community" in Nicaragua from 2012 - 2015. This project is now subject to an ex-post evaluation which is currently conducted by the consultant Carsten Weitzenegger. The ex-post evaluation assesses the project through an analysis of project documentation and interviews with key stakeholders, including target group members and final beneficiaries. The evaluation will apply five standard evaluation criteria, namely 1) relevance, 2) efficiency, 3) effectiveness, 4) impact and 5) sustainability. Due to COVID-19 restrictions, this evaluation can only take place remotely. Therefore, the consultant Carsten Weitzenegger relies on access to information collected through online interviews. In this context, we would highly appreciate if you kindly made yourself available for an interview with Carsten Weitzenegger as this will be a major source of information for the evaluation report. Your cooperation will be highly appreciated.

Kind regards

K. Katterbach
